

DATES TO REMEMBER

- ✦ **Friday 14th of February** SAPOL Cyber bullying forum for Yrs 6/7
- ✦ **Wednesday Friday 20th March** National Day against Bullying Assembly
- ✦ **Wednesday 25th of March** **Harmony Day Assembly**

Dear families and friends,

What a wonderful turn out to our Acquaintance Evening - families were happily exploring the different learning spaces and getting to meet all of the staff that contribute to their children's learning.

Mia and her family; three generations visiting 9007

Teachers valued the opportunity to meet new families and in some cases reacquaint themselves with familiar faces. Maintaining the communication between home and school is critical to your child's success – the next opportunity to formally discuss your child's progress is during Parent/Teacher interviews starting 23rd of March 2020. However, if you have any queries before then, please don't hesitate to contact your child's teacher. The number of families that took part in the event was an increase on previous years but unfortunately this did not translate to a greater attendance at the Governing Council Annual General Meeting.

143 children took their families on a guided tour of the school.

Governing Council Annual General Meeting

Last evenings' Governing Council was attended by a group of four parents who have committed to providing myself and the leadership team support and guidance in continuing to create directions for the school. We have an enrolment of 537 children so it would be wonderful to have a greater number of families support and represent the community. Governing Council meetings are twice per term on a Tuesday evening from 6:00pm and are usually an hour in length. There is a crèche provided. This year we are preparing to celebrate the Woodville Gardens School, Birth-7, 10th Anniversary so we would love to hear your ideas to celebrate such an achievement.

Welcome to our Head of School - Primary Years

We welcome Mrs. Kerryn Cousins to the role of Head of School-Primary Years. Kerry will work closely with the teachers and students of the Blue, Red, and Green Buildings but will support across the school.

Kind regards

Fiona Voigt

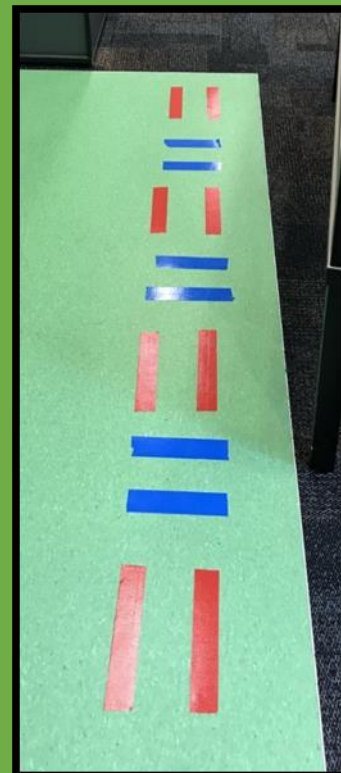

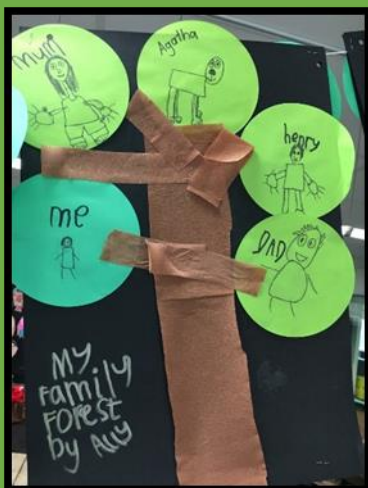

Mrs Kerryn Cousins, the new Head of School Primary Years

GREEN LEARNING AREA

ROOM 8012

What a great start to the year!! We are busy getting to know each other, through play, games and Bounce Back. We have developed and signed our "Class Agreement" and displayed this in our classroom. We are building routines and learning how to best manage our school day by using visual timetables and timers. We love using the sensory path in our common area to have a break and re focus on our learning.

Room 8013

Class values

In 8013 students brainstormed different rules for the classroom. They then sorted and grouped similar rules to determine our three values of Learning, Respect and Safety. By following these class values and the examples provided by the students in 8013, we will be setting ourselves up for success in 2020.

Graphing

In 8013 students have been getting to know each other by generating survey questions and collecting data to find out information about their new classmates. Students learnt how to tally results, record them in a table and complete a graph using excel to represent their data. Some of the topics we learnt about were our favourite foods, animals, and games to play.
